

# A MORE INNOVATIVE FROZEN DRINK MACHINE

## ABOUT US

### WHY CHOOSE DMW?

Our machines are constructed with higher quality parts to last longer, require less maintenance and create the best frozen drink texture. Our models are designed for maximum uptime, with an expected lifespan of 8+ years. Our units are quiet and have a direct drive system that won't wear out like moving parts units. Finally, we use solid state controls for a more efficient dispenser.
